How to choose your exchange destination / International Exchange Services

Your journey starts here!
A MORE INTERNATIONAL DEGREE

• You get a different perspective on your own field of expertise and studying in general. At the same time you deepen your knowledge in an international context.

• Broaden your field of expertise and find your academic identity.

• Develop your communication skills in different circles for instance academic, cultural or working environments.

• Enrich your cultural competency, a most valuable currency.

• Meet new people and enlarge your network.

• You’ll learn to evaluate your skills and to develop them by acquiring new knowledge.

• You can further improve most of the above through internationalisation at home.
ELIGIBILITY FOR APPLICATION

• You need to hold the right to complete a degree at the University of Helsinki and you are registered as an attending student at the time of application and during the exchange.

• You need to have completed at least 30 credits worth of studies by the time of application.

• The exchange period has to be at least three months but less that 12 months and it has to be within the same study year.
  • exceptions: Nordplus programme or summer and short courses can be shorter
  • additionally the autumn term in Great Britain is slightly shorter that 3 months.

• Once more, the courses to be completed need to be fully transferrable to your degree at UH. The planned exchange studies must not exceed the maximum credits allowed in the degree.
THE RIGHT TIMING FOR AN EXCHANGE

If you're studying an international Master's programme, check with your programme's planning officer about your options and limitations to applying for an exchange.

Include the exchange in your personal study plan (HOPS). In some programmes only a short exchange/summer course is possible!

The host university may have restrictions regarding the study level of students applying. Check before hand.

You need to have completed at least 30 ECTS at UH, or show us the transcript of your previous degree.

Intercultural Encounters (ICE) and Russian Studies: only short exchanges possible, semester-long exchanges wouldn’t fit into the degree.

Global Politics and Communication (GPC): semester exchanges possible if you can replace your degree courses directly. Best timing: the spring of your first year, or the second year if you’re able to work on your thesis with a local supervisor. Short are exchanges easier implement.

Contemporary Societies (COS): focus on short exchanges.

TRANSMED: semester-long exchange is mainly possible if the thesis is made during the exchange, or if the student intends to do the degree in more than 2 years. Short exchanges recommended for spring semesters.
WHAT CAN I STUDY ABROAD?

- As far as UH is concerned: Courses of your major, optional studies, elective studies, language studies.
- Europe and Nordic Countries: Check with host universities’ course lists on their own sites.
- Outside of EU-/EEA: Check with our Instructions for students as we offer links to the host universities’ sites: https://guide.student.helsinki.fi/en/article/exchange-opportunities-around-world
- Make sure to read about your faculty and degree programme specific instructions about how to recognise courses from your future exchange while compiling your learning agreement.
- We require you to accomplish a minimum of 5 ECTS / month with a goal of 30 ECTS / study term.
- The courses to be completed need to be fully transferrable to your degree at UH. The planned exchange studies must not exceed the maximum credits allowed in the degree.
HOW TO CHOOSE AN EXCHANGE DESTINATION? 1/2

• Think about your studies (study level) and skills (e.g. language skills).
• Take a closer look at 2 or 3 options based on your interest (max. 6 options).
• Study language? Which language would you prefer?
• Check out Exchange opportunities around the world:
• Check the partner university’s information about the available degree level for exchange studies and whether they have restrictions on what fields of study are available.

• When applying for a Master-level exchange, you generally need to be at Master level yourself in your degree by the time you apply.

• If the partner university has a GPA requirement (mainly concerns destinations outside Europe), make sure you meet it. The host university will not accept an application with a lower GPA.

• Our most competitive destinations are eg. Australia, New Zealand, Canada.
FUNDING FOR EXCHANGE STUDIES

• An exchange based on an agreement is tuition free.
• UH offers different scholarship models depending on the programme and network:
  • A scholarship varies from 200-470 €/kk to 1000-2200 €/ study term.
• You can apply for
  • additional financial support offered by KELA: http://www.kela.fi/web/en/financial-aid-for-students-if-you-study-abroad
  • other scholarships or travel grants from for example foundations or organisations.
• Make sure to budget expenses such as insurance, vaccinations, language exams etc.
• More about funding: https://guide.student.helsinki.fi/en/article/funding-student-exchange
FACULTY LEVEL AGREEMENTS

• These are degree programme or faculty level exchange agreements which are study field specific.

• Most destinations are within the EU including some spots in Switzerland and outside of Europe.

• Primarily targeted to students of the specific study field or faculty.

• By selecting your degree programme from the drop down menu you get a list of faculty level agreement of said faculty [https://guide.student.helsinki.fi/en/article/exchange-opportunities-around-world](https://guide.student.helsinki.fi/en/article/exchange-opportunities-around-world)
UNIVERSITY WIDE AGREEMENTS

• Agreements open to all students.
• Destinations are primarily outside of EU with a few exceptions.
• Information about destinations, numbers of places, university specific restrictions or requirements can be found under each agreement at: https://guide.student.helsinki.fi/en/article/exchange-opportunities-around-world
SHORT COURSES AND TRAINEESHIP ABROAD

- We offer scholarship options for courses which last a short period of time.
- Scholarships are available for:
  - Courses you have found yourself
HAVE A CHAT

Now you have been listening to us for a while. Please introduce yourself to the student sitting next to you and share your thoughts or plans about exchange studies. You have 5 minutes to discuss.
HOW TO APPLY? 1/2

How to apply - Application process for exchange students

Before actually starting your application we recommend you read about how to
1. prepare yourself for the application first:
2. Make a rough first selection of destinations:
3. Get to know the language requirements:

Only then head over to the description of the application process which we briefly discuss next.
The application process has two phases

1. First you apply through us (the University of Helsinki)
2. Then once we have accepted your application you apply to the host university as an exchange student

- Apply by filling in the application in the Mobility Online system (1) during the announced application period, see next slide.
- With one application you can apply for three (3) exchange destinations at the most. You can make more than one application, however no more than a total of six (6) destinations are allowed.
- If you were not chosen for an exchange you have the possibility to receive an offer to a vacant exchange spot without handing in a new application if you indicate so in your application.

LAW
HOW DOES AN EXCHANGE SEMESTER FIT IN YOUR DEGREE

• Exchange semester is usually during your 4th or 5th year
• You will mostly take classes in your own field eg legal studies during your exchange
• Your studies during your exchange will usually be counted towards your OTM optional studies
• Exchange semester is somewhat popular so there is a fair amount of competition for the places offered
WHERE HAVE THE STUDENTS BEEN ON EXCHANGE?

- Europe: for example Leiden, Utrecht, Glasgow, Edinburgh, Italy, Lyon, Zurich, KU Leuven, Amsterdam, Uppsala
- You can study in English also in Ireland, Belgium (for example Ghent, Rotterdam) and various Eastern European destinations
- There are a lot of good faculty destinations also in the Netherlands, France, Germany, Nordic countries and Switzerland
- Australia: Numerous destinations in various universities both among faculty and university wide agreements
- Africa: Stellenbosch University and Cape Town (new destination)
- Chinese English language destinations for faculty of law students: faculty agreements and CUHK ja City U. Hong Kongissa, Wuhan
- Russia (faculty agreement, instruction in English): HSE
- Among the destinations requiring language competency of the destination: Russia (St. Petersburg State University, Lomonosov Moscow State University), Universidad de Chile, Universidad de los Andes Colombia, Universidade de São Paulo (USP)
FACULTY OF SOCIAL SCIENCES
POLITICAL SCIENCE

- Popular time to go for an exchange is either 3rd or 4th year, other times however are also possible
- Studies completed during exchange are most often at bachelor or Master level optional module and other optional studies. Some master level studies have studies that can be substituted (usually at higher level optional courses)
- Popular destinations in Europe include Amsterdam, Glasgow, London, Madrid, Paris and Prague. Please note variances among study programs at these destinations.
- One can study in English also in Ireland, Belfium (for example Ghent, KU Leuven) and various destinations in Eastern Europe
- Numerous good faculty destinations exist in the Netherlands, Italy, France, Germany and Switzerland
- Faculty’s own destinations in Chulalongkorn in Thailand, Externado and PU Javeriana in Columbia
- Popular universitywide destinations at faculty are for example destinations in Oceania, English language destinations in Africa and Asia: Stellenbosch South Africa, Namibia, Sambia, Hong Kong and Singapore in addition to the Nordic destinations
- Among destinations requiring domestic language competency: Latin America destinations, Russia and continental China
FACULTY OF EDUCATION DESTINATIONS

- Numerous destinations, among most popular are:
- Europe is most popular, especially the faculty specific destinations: Netherlands (Amsterdam and Utrecht), Sweden and Iceland, Charles University in Prague, Pedagogic universities in Austria, Wien, Innsbruck, Linz and Thessaloniki in Greece.
- Australia-university wide destinations: Deakin University, Monash University, University of Sydney, University of Western Australia
- At the time being students complete optional studies during their exchange, substituting compulsory courses will get easier hopefully in a few years time
- Timing: please pay attention that your exchange will not coincide with your research seminar or practical training periods. Most popular time for exchange is during the 3rd year in bachelor level or 1st year in master level studies.
FACULTY OF ARTS AND FACULTY OF THEOLOGY
HOW TO INCLUDE AN EXCHANGE SEMESTER IN YOUR DEGREE?

• Every study program has a recommendation for the best time for an exchange semester. For example if your study program is French the best time might be already in your second year whereas in some others the test time to go for exchange is 3rd or 4th year.
• When planning please not the courses you are not able to study during your exchange for example the timing of a pro-seminar
• During your exchange you can:
  – Subsite your compulsory or secondary subject
  – Study optional subjects
  – Complete all classes required in your secondary subject, 15-20 or 30-35 ECTS in Arts, 25-30 ECTS in Theology. This does not have to correspond to the secondary subject study package offered at University of Helsinki.
  – Or combination of the above
Faculty of Arts students often choose destinations requiring language proficiency of the destination.

During year 2018 most popular destinations for faculty of Arts students were France and Japan. South Korea and Spain have gained popularity in recent years.

Exchange agreements in Erasmus program have been made based on study program. This is the reason why Erasmus program does not have destinations that could be seen as the most popular. You will increase your chances in being chosen if you find many destinations that support your application as a whole.

Please note you can also apply through universitywide agreements for example Russia, Asia, Ediburg and the Erasmus university wide agreements in the Nordic countries.
FACULTY OF THEOLOGY

- Africa: Namibia, Stellenbosch University in South Africa
- English language destinations in Asia: for example Chinese U. of Hong Kong, City University of Hong Kong
- Please note faculty of Theology destination in USA, Emory University
- New destination – Faculdades EST in Brazil, please note language requirement to this destination is competency in portuguese.
FACULTY OF SCIENCE
HOW DOES AN EXCHANGE SEMESTER FIT INTO YOUR DEGREE?

• You can substitute the minor subject (sivuaine) in your study program by a study unit completed abroad (ulkomailla suoritettu kokonaisuus).
• You can also substitute compulsory studies, but this requires more comprehensive planning.
• In Kumpula campus we have more Erasmus destinations available than applications received.
• You can also work on your graduate theses during your exchange.
• Planning for exchange is a bit easier for the geography students than it is for the chemistry and physics majors.
FACULTY OF SCIENCE
WHERE HAVE THE STUDENTS BEEN?

- Europe: Svalbard, Stockholm, Lund, Copenhagen, Berlin and Munich, Prague, Padova, Bath, Exeter, Leeds, Innsbruck
- Oceania: Australian National University, University of Sydney, Victoria University of Wellington, University of Waikato
- Asian English language destinations: Korea University, Hong Kong, Singapore, Japan, Taiwan
- Africa: Sambia, Namibia, Stellenbosch in South Africa (geography students)
- Latin America: Universidad de Chile, Universidad de Costa Rica, Universidad de los Andes Colombia
• Psychology students choose mostly European destinations, where students study their optional studies, 20-30 ECTS at bachelor level and theory and methodology studies at Master level, ca 20-25 ECTS.

• Medical students choose mostly northern European destinations where students study mostly obgyn and pediatrics.

• Medical students also choose 10 ECTS optional studies modules in their learning agreements

• Logopedia students do not currently have any exchange agreements but in some cases they can apply on existing psychology agreements should the destination offer suitable courses

• Please note also the university wide agreement options beyond Europe
  https://guide.student.helsinki.fi/fi/artikkeli/vaihtokohteet-maailmalla
VIIKKI CAMPUS

• Most Biology, environmental and agricultural studies majors have an exchange window included in their bachelor level studies.

• Pharmaceutical studies majors can go on exchange during their third year or during their licenced pharmacy studies.

• For veterinary studies students we recommend planning their exchange for their second or fifth year to assure the best outcome.

• A new English language destination suitable for Viikki and Kumpula campus students is National Tsing Hua University in Taiwan. This destination does not require competency in local language.

• Hong Kong is very popular for the following subjects: food science, food science technology, forest science economy, particularly at Chinese University of Hong Kong.

• Agriculture and Forestry students often apply and go to destinations requiring proficiency in Spanish or Russian languages.
